Ballroad Progress. Poor's Railroad Manual for 1871 gives the number of miles of railroad in opera-tion in the United States on the 1st of Jan-uary last at 60 382, whereof 6,983 were constructed in 1871. This is 738 more than were constructed in the year preceding, and far exceeds the entire length of all the railroads built by our people up to the close of 1848, when 5,598 miles had been constructed since the first one in 1827-30. The additional miles of railway constructed in 1871 were located as follows:
